

Venus Vase

Nepenthes

Origin	Asia
Taste / Aroma	Non-edible
Season(s)	Spring, Summer, Autumn, Winter, Halloween
Storage	Cold, 2-7 °C

The Venus Vase is a natural 'glas', which allows you to impress and surprise your guests in a unique and creative manner.

NON-EDIBLE

The Venus Vase is a natural 'glas', which allows you to impress and surprise your guests in a unique and creative manner. Although the Venus Vase is non-edible, it is perfectly suited for serving drinks. The pitcher is strong enough to withstand several times washing in warm water.

ORIGIN

The Venus Vase is part of the Pitcher plants, originating from the rains forests in South East Asia. The plant feeds on insects, which it attracts with nectar that has special attracting powers. The Pitcher can hold both alcohol-free and alcoholic drinks.

AVAILABILITY

Venus Vases are available year round and can easily be stored for up to nine days at a temperature of 2-7°C. Produced in a socially responsible culture, Venus Vases meet the hygienic kitchen standards. The products only need rinsing, since they are grown clean and hygienically. Each vase is cleaned after the harvest and clean delivered.
